

Editorial note: The clipping has the MS date of 1919. The introduction below mentions “the end of the fourth year of the world war”, which implies August 1918. So perhaps this list is not for the entire war which ended the following November. The alphabetisation of the original was not accurate so has been corrected.

AFTER FOUR YEARS OF WAR

OUR ROLL OF HONOUR

The local men who have fallen

24 officers and 420 of other ranks

Sunday brought us to the end of the fourth year of the world war, in which men of the town of Bridgwater and district have played and are playing a noble and glorious part. Great sacrifices have been made by men who have gone from the town and parishes around. A sad toll has indeed been taken. It behoves, however, to keep ever fresh the memory of the gallant men who have fallen, and we therefore publish below as complete a list as possible of those who have laid down their lives in the greatest cause for which a nation has ever taken up arms.

The list is a sorrowful one. It includes the names of no less than 444 men of the Army and Navy, 24 officers and 420 of other ranks. These have been killed in action or have - died of wounds, or from disease contracted whilst on active service. The list contains the names of men officially reported as missing and presumed to be killed, but does not include many others reported as missing.

The roll has increased to a mournful degree during the past year. Between 150 and 183 names have been added during that period. Of the total number of 444 officers and men whose names appear in the list, 11 officers and 238 men belonged to the borough of Bridgwater a sad record for our town. Stogursey again appears very prominently in this list with its number of fallen heroes. The village has suffered heavily in the four years, no less than 24 of its men having been killed. The remaining 195 names in the roll are those of men belonging to other villages in the district. It may be of interest to mention that our list contains the names of about 150 men who were serving with the Somersets, which proves that our county regiments have borne their full share in the war.

The roll of honour (the names being arranged alphabetically) is as follows:
